

LEISURE VALLEY HOMEOWNERS, INC.
FLAG DISPLAY AND FLAGPOLE INSTALLATION POLICY

Terms used but not defined in this policy will have the meaning subscribed to such terms in that certain Declaration of Covenants, Stipulations and Restrictions recorded as Document No. 1144123. Real Property Records, Hidalgo County, Texas, as amended (the "Covenant").

Note: Texas statutes presently render null and void any restriction in the Covenant which restricts or prohibits the display of certain flags or the installation of certain flagpoles on a residential lot in violation of the controlling provisions of Section 202.011 of the Texas Property Code or any federal or other applicable state law. The Board and/or the architectural approval authority under the Covenant has adopted this policy in lieu of any express prohibition against certain flags and flagpoles, or any provision regulating such matters which conflict with Texas law, as set forth in the Covenant.

A. ARCHITECTURAL REVIEW APPROVAL.

1. Approval Not Required. In accordance with the general guidelines set forth in this policy, an Owner is permitted to display the flag of the United States of America, the flag of the State of Texas, an official or replica flag of any branch of the United States Military ("**Permitted Flag**") and permitted to install a flagpole no more than five feet (5') in length affixed to the front of a residence near the principal entry or affixed to the rear of a residence ("**Permitted Flagpole**"). Only two (2) permitted Flagpoles are allowed per residence. A Permitted Flag or Permitted Flagpole need not be approved in advance by the architectural review authority under the Covenant (the "ACC").

2. Approval Required. Approval by the ACC is required prior to installing vertical freestanding flagpoles installed in the front or back yard area of any residential lot ("**Freestanding Flagpole**"). The ACC is not responsible for: (i) errors in or omissions in the application submitted to the ACC for approval; (ii) supervising installation or construction to confirm compliance with an approved application; or (iii) the compliance of an approved application with governmental codes and ordinances, state and federal laws.

B. PROCEDURES AND REQUIREMENTS

1. Approval Application. To obtain ACC approval of any Freestanding Flagpole, the Owner shall provide the ACC with the following information: (a) the location of the flagpole to be installed on the property; (b) the type of flagpole to be installed; (c) the dimensions of the flagpole; and (d) the proposed materials of the flagpole (the "Flagpole Application"). A Flagpole Application may only be submitted by an Owner UNLESS the Owner's tenant provides written confirmation at the time of submission that the Owner consents to the Flagpole Application.

2. Approval Process. The decision of the ACC will be made within a reasonable time, or within the time period otherwise required by the principal deed restrictions which govern the review and approval of improvements. A Flagpole Application submitted to install a Freestanding Flagpole on property owned by the Association or property owned in common by members of the Association will not be approved. Any proposal to install a Freestanding Flagpole on property owned by the Association or property owned in common by members of the Association must be approved in advance and in writing by the Board, and the Board need not adhere to this policy when considering any such request.

Each Owner is advised that if the Flagpole Application is approved by the ACC, installation of the Freestanding Flagpole must: (i) strictly comply with the Flagpole Application; (ii) commence within thirty (30) days of approval; and (iii) be diligently prosecuted to completion. If the Owner fails to cause the Freestanding Flagpole to be installed in accordance with the approved Flagpole Application, the ACC may require the Owner to: (i) modify the Flagpole Application to accurately reflect the Freestanding Flagpole installed on the property; or (ii) remove the Freestanding Flagpole and reinstall the flagpole in accordance with the approved Flagpole Application. Failure to install a Freestanding Flagpole in accordance with the approved Flagpole Application or an Owner's failure to comply with the post-approval requirements constitutes a violation of this policy and may subject the Owner to fines and penalties. Any requirement imposed by the ACC to resubmit a Flagpole Application or remove and relocate a Freestanding Flagpole in accordance with the approved Flagpole Application shall be at the Owner's sole cost and expense.

3. Installation, Display and Approval Conditions. Unless otherwise approved in advance and in writing by the ACC, Permitted Flags, Permitted Flagpoles and Freestanding Flagpoles, installed in accordance with the Flagpole Application, must comply with the following:

- (a) No more than one (1) Freestanding Flagpole OR no more than two (2) Permitted Flagpoles are permitted per residential lot, on which only Permitted Flags may be displayed;
- (b) Any Permitted Flagpole must be no longer than five feet (5') in length and any Freestanding Flagpole must be no more than twenty feet (20') in height;
- (c) Any Permitted Flag displayed on any flagpole may not be more than three feet in height by five feet in width (3'x5');
- (d) With the exception of flags displayed on common area owned and/or maintained by the Association and any lot which is being used for marketing purposes by a builder, the flag of the United States of America must be displayed in accordance with 4 U.S.C. Sections 5-10 and the flag of the State of Texas must be displayed in accordance with Chapter 3100 of the Texas Government Code;
- (e) The display of a flag, or the location and construction of the flagpole must comply with all applicable zoning ordinances, easements and setbacks of record;
- (f) Any flagpole must be constructed of permanent, long-lasting materials, with a finish appropriate to the materials used in the construction of the flagpole and harmonious with the dwelling;
- (g) A flag or a flagpole must be maintained in good condition and any deteriorated flag or deteriorated or structurally unsafe flagpole must be repaired, replaced or removed;
- (h) Any flag may be illuminated by no more than one (1) halogen landscaping light of low beam intensity which shall not be aimed towards or directly affect any neighboring property; and
- (i) Any external halyard of a flagpole must be secured so as to reduce or eliminate noise from flapping against the metal of the flagpole.

I hereby certify that I have been instructed by the Board of Directors of the Association to execute this policy.
